PUBLIC MEETING

Thursday, August 16, 2007

7:00 P.M.

Memorial Hall, Bridgeport, CA

AGENDA

1. Call to order
2. Public comment for items not on the agenda
3. Discussion of Forest Service Route Designation Planning Process with Cheryl Probert, Humboldt / Toiyabe NF

Nationwide, the Forest Service is working through a process that will ultimately designate a transportation system on every national forest in the country. The goal of the process is to provide a stable, sustainable system of roads, trails and areas for people using motorized wheeled vehicles on national forest lands. Today forest visitors use networks of routes for a variety of recreational and other purposes, including access to remote trailheads or fishing spots, firewood gathering, sight-seeing and picnicking, or for the experience of exploring remote areas with off-highway vehicles such as motorcycles and quads or SUVs.

If you or others have an interest in this Route Designation Process, please attend and give your input.

4. Adjourn to the September 20, 2007 meeting.
